(Florence, SC) Heritage Digital announced the deployment of EMRE at an additional Georgia-Pacific facility in January. The EMRE system is designed to provide easy personnel management of Applicants, Employees, Write-ups and Grievences in accordance with EEOC guidelines. EMRE™ automatically generates all of the EEOC Reports needs and prints to standardized forms. Utilizing Microsoft SQL database and components from the Heritage Digital Intranet library, deployment can be accomplished in a few days. Return on Investment varies, but is a few months at most installations. Georgia-Pacific selected the EMRE™ Site License version of the product which was earlier deployed at another facility and has been in use for about 18 months.
