

# Quality Assurance Intranet for Carolinas Hospital System

**From:** Aimee Palumbo

**Date:** Mar 09 2002

**Photographs/Prints:** Upon Request to the issuer

(*Florence, SC*) Heritage Digital is pleased to announce the deployment of the new Carolinas Hospital System Quality Assurance Intranet. The QA Intranet provides quick access to hospital Policies, Procedures, Physician's Orders and other classes of internal documents. Designed for quick navigation, the QA Intranet features the ability to remember each users' most common documents for fast retrieval. A review process was integrated into the system so that users can be assured that they are viewing the approved version of critical health care documents.

The Hospital's general site, located at [www.carolinashospital.com](http://www.carolinashospital.com) provides information about the hospital, its services, programs and activities, and general healthcare information for its visitors. The site was developed and is maintained by Heritage Digital.

**About Carolinas Hospital System:** Carolinas Hospital System is a leading regional medical facility providing quality personalized care and outstanding service in all facets of health care delivery. The multimillion-dollar, nine-story facility includes 372 beds, a Level II Trauma Center, a Prenatal Wellness Center, and a revolutionary imaging and technology system that captures, transmits, displays, and stores diagnostic radiology images. The Women's Center is also included on the Florence campus providing specific medical resources for women's healthcare, including maternity services and mammography. Carolinas Hospital System maintains a commitment of providing the people of Florence and the surrounding nine counties the ability to meet their needs through innovative services that enhance the delivery of quality healthcare.
